NAPIER DINING CHAIR

The Napier Arm Chair embodies an open, relaxed, and refined sensibility. Its graceful, gently curved arms create a fluid line that flows seamlessly into the seat, forming a silhouette that feels both sculptural and inviting. The open design keeps the chair visually light, allowing it to sit comfortably within a variety of interiors without overwhelming the space. Available in a range of wood finishes and offered with COM (Customer's Own Material), allows designers to tailor both material and mood to the project's palette.
