A HEART NEEDS A STORY

A Heart Needs A Story- a Linwood original with a story to tell. With pages of literature embedded within, the piece is sure to captivate. The canvas is noteworthy for texture, layers of glazed and overpainted documents and artist graffiti. Take note of Linwood's language: rich brush strokes, bold color, graphic shapes, casual calligraphy and - as always - understated bateau symbolism suggesting the journey. Modern art for uncommon interiors.

Beautifully Float Framed In Gold Floater style.

Framed size: 62" x 50.25"
