FIRENZE DESK

Firenze is famous for its architecture. The desk too. The South + English Firenze desk is set on an hammered wrought iron base. No worries, perfectly sound! The metal base is faceted and sculpted in a choice of five finishes. Each undulating base is unique, pounded and fired individually. The Firenze writing desk also provides ample room to spread out, and is outfitted with three drawers with pulls complimenting the metal base finish. Practicality and beauty abound. Shown in Black Coffee Oak, but if that's not your cup of tea, you've a choice of many other fab finishes. Bespoke Customization by the inch is welcomed. Bench-Made in USA.
