ALWAYS WANTED TO

Always Wanted To

Captures the quiet drift of the mind—those fleeting reflections that pass through unnoticed but leave their trace. Through Linwood's layered mixed-media approach, the canvas unfolds with subtle color, soft washes, and textured surfaces built from glazed passages and overpainted imagery.

Embedded throughout the composition are Bubbles s and time-marked fragments, partially concealed beneath layers of paint and artist graffiti. These elements hint at the passage of time and the accumulation of thought—moments recorded, reconsidered, and slowly absorbed into memory. Beautifully Float Framed In Gold Floater style.

Framed size: 56 x 26
