JASPER MEDIA CENTER

Jasper Media Center shows and tells all with ample open-display storage space. Where form meets function and design becomes architecture. Spacious, adjustable shelves offer flexible display and storage, while a subtle integrated drawers adds discreet functionality. The contrast between the architectural metal framework and the bookshelf's clean, restrained silhouette creates a composition that feels modern, purposeful, and quietly bold.

The exterior metal frame is available in five distinct metal finishes, offering designers the ability to introduce contrast or cohesion within a space. Available in all of our bespoke finishes on either solid oak (as shown) or solid maple.

Overall: W96 x D16 x H72
