

ANTIBES FINE ART REPRODUCTION, SERIES 1

Have you seen our Picassos? The South + English Antibes series is actually a homage to the master. To hone their skills and discover their personal style, art school students are often charged with imitating the masters. It really is the sincerest form of flattery. Antibes Series 1-4 is a case in point, evoking Picasso's iconic animal/human line-art drawings. These get an A+.

Additional details: Reproduced on canvas with visible brushstrokes. Mounted in a silver-and-black floating frame. Standard as detailed, but we welcome custom collabs. Simply [email](#) now.
