

LAVISH, PLETHORA, AMPLE & PLENTY

Shadow Box Series — *Lavish, Plethora, Ample & Plenty*

Original Mixed Media Works by Linwood

Linwood's **Shadow Box Series** brings together four original works—*Lavish, Plethora, Ample,* and *Plenty*—each exploring the idea of abundance through layered color, botanical gestures, handwritten language, and found imagery.

Warm ochre and golden yellow move throughout the collection, balanced by black, ivory, and earthy green. Expressive marks and organic forms overlap fragments of text and collage, giving each small work the depth and discovery characteristic of Linwood's mixed-media originals. Words incorporated into the compositions become part of the visual language, reinforcing a collective theme of **having more than enough—an abundance of beauty, experience, and possibility.**

Designed as a cohesive grouping but strong enough to stand independently, the four pieces are **available as a complete set or for individual purchase.**
