ART TANK TALL-DJE CATCHING LIGHT

DJE Art Tank Tall- Catching Light

Ethereal and architectural, this edition of *The Art Tank Tall* brings a softer, more atmospheric expression to the collection. Layered in tonal whites, pale blues, and chalky neutrals, the hand-applied surface reads like sculptural plasterwork — subtle in palette, yet deeply dimensional in presence. The cabinet doors become a continuous canvas of looping forms and organic impressions. Raised textures catch light throughout the day, revealing shifting shadows and nuanced depth across the surface.

Both sculptural and functional, *The Art Tank Tall* is designed to anchor a space—equally at home in a collector's interior, a curated gallery-like setting, or a boldly layered residential project— **a collectible expression of design and artistry.**
