

ARTIST PAINT PALETTE

Living an artful life brings unintended consequences! Just ask Palmer Smith – the South half of the S+E equation – and a fine artist in his own right. One day, while mixing a flurry of colors on a palette, he was struck by the amazing artfulness of the palette itself. True story. This is how the Artist Paint Palette entered the S+E collection. Each Artist Paint Palette is unique, and we are happy to collaborate on custom orders. Can you imagine a palette in hues of blue for a beach house? A high contrast ebony/ivory pairing for a modern décor? A pink and peony mélange for a girl cave? It's all about the mix! Each is placed in a white shadowbox frame with white mat, and topped with acrylic.
