

BARNABUS CABINET

According to South (Palmer Smith), the Barnabus Cabinet is "candy." Translation: it's just that sweet. Savor the nuances, starting with the cabinet's amazing door fronts, hand cast in Old Bronze like layered shingles. Once past the doors (as if!), the hand-finished cabinet interior is rife with useful storage space. Clean and simple, the cabinet itself is wrapped in Midnight Brown Walnut. As a final feat of design wonder, an inset blade base holds Barnabus in perfect balance and symmetry.
