BETWEEN SHORES

Between Shores

Between Shores
Original Mixed Media on Canvas

Between Shores is a dynamic original by Atlanta artist Linwood that explores the space between destinations—where movement, reflection, and possibility intersect. Sweeping layers of looping calligraphic lines create a rhythmic composition that feels fluid and alive, echoing the currents, tides, and unseen connections that carry us through life's journey.

Rendered in a harmonious palette of soft lavender, dusty blue, charcoal, and warm gray, the composition is rich with texture and transparency. Beneath the expressive line work lie subtle layers of graphite sketches, handwritten notes, and collaged materials that slowly emerge with closer inspection. A sophisticated statement piece, *Between Shores* brings movement, texture, and poetic abstraction to modern interiors while embodying Linwood's signature philosophy: art in motion, poetry in paint.
