

BETWEEN THE LINES

etween the Lines — DJE Original

50" x 62" | Original Art

Expansive and rhythmic, *Between the Lines* explores the connections, meanings, and emotions that exist beyond what is immediately seen. Sweeping ivory lines travel horizontally across an atmospheric field of blue, crossing and separating in a continuous flow that gives the composition a sense of movement and quiet conversation.

Vertical groupings of hand-painted circles in blush, coral, and muted crimson create a contrasting rhythm. Some gather closely while others stand apart, suggesting fragments of thought, moments of dialogue, or the unspoken details that often carry as much meaning as the words themselves.

The broad blue ground shifts subtly between turquoise, slate, and softened green, creating depth beneath the more graphic surface gestures.
