BREATH OF THE UNSEEN

Breath of the Unseen

Softly rhythmic and deeply textural, *Breath of the Unseen* unfolds as a quiet sanctuary in form and tone. Layers of plaster create a dimensional surface where looping, organic motifs rise and recede—each mark hand-formed, each impression holding a sense of calm repetition. The composition flows in gentle vertical currents, suggesting both structure and ease, like a space designed for pause. A restrained palette of pale blues, warm neutrals, and chalky whites enhances the piece's meditative quality.
