

COPENHAGEN DINING TABLE, OVAL

The Copenhagen Table is defined by its iconic pedestal base—a sculptural foundation that feels both timeless and distinctly modern. The graceful, tulip-inspired form creates a clean, uninterrupted profile, offering generous legroom and a refined architectural presence. Available in a choice of three pedestal finishes—black, brass, or white—Copenhagen allows designers to tailor contrast, warmth, or tonal harmony to their project palette. Solid wood oval tops are offered in custom racetrack or elliptical shapes, allowing designers to select the profile best suited to their space and seating plan. A choice of straight or beveled edges further refines the silhouette.
