COPENHAGEN DINING TABLE, ROUND

The Copenhagen Table is defined by its iconic pedestal base—a sculptural foundation that feels both timeless and distinctly modern. The graceful, tulip-inspired form creates a clean, uninterrupted profile, offering generous legroom and a refined architectural presence. Available in a choice of three pedestal finishes—black, brass, or white—Copenhagen allows designers to tailor contrast, warmth, or tonal harmony to their project palette. Solid wood tops are available with your choice of straight or beveled edge.
