Everything I Need

Original Mixed Media on Canvas

Everything I Need is a captivating original by Atlanta artist Linwood that celebrates the quiet beauty found in simplicity and nature. A graceful deer stands at the center of the composition, surrounded by hand-drawn botanical forms that bring movement, softness, and new energy to the canvas. The delicate leaves introduce a fresh visual language while remaining true to Linwood's signature blend of expressive mark-making and layered storytelling.

Built with layers of paint, graphite, charcoal, and collaged materials, the artwork reveals subtle textures and handwritten passages that emerge over time. As with all of Linwood's originals, every layer invites closer inspection. Hidden details, symbolic marks, and tactile surfaces reward repeated viewing, making the piece feel alive with discovery. The addition of the hand-drawn foliage creates an exciting new profile within Linwood's evolving body of work, offering a refined balance of abstraction and representation.
