

FEELING MEANING, ORIGINAL ART

Linwood is a modern abstract artist with a deep sense of history. Opposites attract and the results are always harmonious. Here, bold strokes of black greet greys and blues. Archival manuscript pages, floral prints and sheet music are collaged, overpainted and glazed to add - quite literally - layers of meaning and interest. Can you spy bateaux in this piece? The shape is the artist's signature. "Feel Meaning" invites you to do just that. Framed in Gold.
