FIRENZE OVAL DINING TABLE

Firenze is renowned for its art and architecture—and our Firenze Dining Table channels that legacy through sculptural form and masterful craftsmanship. The pedestal inspired by the city's enduring architectural strength, is constructed of hand-wrought solid steel. Each base is shaped and finished by hand, offering depth, texture, and presence. Available in a choice of five metal finishes, the foundation can be tailored to introduce warmth, contrast, or refined patina to your project palette.

Solid wood oval tops are offered in custom racetrack or elliptical shapes, allowing designers to select the profile best suited to their space and seating plan. A choice of straight or beveled edges further refines the silhouette.
