FRAMPTON DINING TABLE

Inspired by a Belgian antique yet thoughtfully updated for modern interiors, the Frampton Table blends old-world character with contemporary refinement. Its sculptural pedestal base features a series of soft, playful curves that lend the piece a sense of movement while celebrating the natural beauty of the wood grain. The result is a table that feels both substantial and inviting—timeless in spirit, yet perfectly suited to today's interiors. Equally at home in a foyer or dining room, Frampton offers versatility without sacrificing presence. The Frampton Table highlights the warmth and texture of solid wood while bringing a refined, collected sensibility to sophisticated spaces.
