

GALVARINO COFFEE TABLE, 1-PIECE

Truth be told, the Galvarino round coffee table was conceived as part of a threesome. Alas, we hate to breakup the band, but furniture design is always in service of a floor plan and a homeowner's lifestyle (it's our higher calling). Thus, the round center table has been plucked out of the happy Galvarino trio, and is available as a single solitaire in a choice of two fab finishes: Pitted Stone and Aged Modern Brass. Cheers!
