GALVARINO COFFEE TABLE, 3-PIECE

The idea of a singular cocktail table in three distinct pieces is not new. But the Galvarino Coffee Table is. It's a mod-minded update of vintage three-piece cocktail tables that have caught S+E's discerning eye at European antique markets. Here, a pair of curvaceous side tables embraces a solitary drum table (also available solo) to form the versatile Galvarino coffee table ensemble. Available in a trio of finish options: Aged Modern Brass and Pitted Stone, Aged Modern Brass and Sculptor White, Aged Modern Brass and Night Sky Walnut, or all three pieces in Aged Modern Brass. also available in upholstered versions.
