

GISELLE QUEEN ANNE MIRROR

Inspiration is so often serendipitous. South came across a solitary post with cornstalk carvings during an antique walkabout. Inspiration often comes in fragments and an idea took hold. The tendrils forming the frame of the Giselle wall mirror harken back to South's find, which he applied to a Queen Anne shape. Crafted in a choice of Sculptor White or Oralia Gold with a New Mirror center.

Overall: W34 x D2 x H50
