GREY DAWN 02

Grey Dawn 02 — DJE Original
16" x 20" Canvas

A serene DJE original—textural, graceful, and filled with the quiet promise of a new beginning. Grey Dawn 02 captures the gentle transition between stillness and awakening. Interlocking organic forms drift across a pale blue ground, creating a composition that feels light, rhythmic, and continuously in motion.

There is a beautiful restraint to the composition. Rather than relying on bold contrast, *Dawn 02* reveals itself through texture, tonal variation, and the quiet interaction of its forms. The effect recalls the first light of morning: soft, gradual, and full of possibility.

Presented in a **cream and gold floater frame**, the 16" x 20" canvas has an intimate scale and refined presence that complements the understated palette.
