

HAMPTON CHAIR

South + English claims many eclectic loves, among them bobbin chairs and Brancusi sculpture. Both heartthrobs are evident in the Hampton Chair. With South (a.k.a. Palmer Smith) in the design driver's seat, Hampton is a modern reinvention of a casual country favorite - the bobbin or spindle chair. But here the architectural framework - in a choice of two tactile wire brushed finishes - tips a hat to modernism. Dress Hampton as you will, in a designer's own COM, or choose from a S+E palette of velvets and linens.
