JASPER BOOKCASE

Jasper's simplicity of form allows the craftsmanship to take center stage. Where form meets function and design becomes architecture. Spacious, adjustable shelves offer flexible display and storage, while a subtle integrated drawer adds discreet functionality. The contrast between the architectural metal framework and the bookshelf's clean, restrained silhouette creates a composition that feels modern, purposeful, and quietly bold.

The exterior metal frame is available in five distinct metal finishes, offering designers the ability to introduce contrast or cohesion within a space. Available in all of our bespoke finishes on either solid oak (as shown) or solid maple.

Standard Size Overall: W32.5 x D14 x H75
