KELSO COFFEE TABLE AND OTTOMAN (3 PIECE)

Puzzle solved. Inspired by an unusual midcentury piece discovered in France, the Kelso is a versatile coffee table–ottoman pairing designed to adapt beautifully to the way spaces are actually lived in. Three independent pieces—crafted in solid wood or offered with upholstered options—interlock to form a unified coffee table center. The composition is both playful and purposeful, offering flexibility without sacrificing form. Configured together as a sculptural centerpiece, or styled apart to serve as a cocktail table and additional seating.
