KRISTOF BOOKSHELF

Kristof is an exercise in contrast—where substance meets air, and structure dissolves into light. Kristof's mastery of mixed-material composition is on full display in this six-tier bookcase, where solid wood is framed by refined Lucite side panels that lend an almost weightless elegance to the piece. Each tier appears to float within its fixed framework, creating a rhythmic interplay of opacity and clarity.

Available in a full range of bespoke finishes, allowing designers to tailor the expression from moody and dramatic to light and tonal. Bench-made in the USA, Kristof reflects a commitment to craft, proportion, and material integrity

Overall: W35 x D14 x H80.
