MARY JANE

Linwood; Atlanta-born artist is know for making modern art for uncommon interiors. This playful piece has a tasty theme. With the unmistakable use of Mary Jane candy themes, this piece is perfect for the youthful, creative, and playful. One of Linwood's boldest pieces yet. Take note of Linwood's language: rich brush strokes, bold color, graphic shapes, casual calligraphy and - as always - understated bateau symbolism suggesting the journey.

Beautifully Float Framed In Gold Floater style.
