MYSTIC SEA

ystic Sea
Original Mixed Media on Canvas

Mystic Sea is a one-of-a-kind original by Atlanta artist Linwood, where layered abstraction evokes the quiet mystery and ever-changing rhythm of water. Through expressive textures, handwritten passages, and collaged materials, the composition reflects the depth and unpredictability of the sea while inviting personal interpretation.

A palette of slate gray, deep cobalt, warm ochre, and soft neutrals creates a balanced composition that feels both grounded and atmospheric. Architectural forms, subtle graphite sketches, and Linwood's signature casual calligraphy emerge through richly built surfaces, while the handwritten phrase *"Mystic Sea"* anchors the work with a sense of quiet reflection. The recurring bateau motif—one of the artist's defining symbols—appears as a subtle reminder of life's continual voyage.
