

NEVA DINING TABLE

Others aspire. Neva hits the mar. Our Neva Dining Table is ageless and timely all at once. The round drum base is an irregular laser-cut fretwork, available in five Clean Slate finishes. The tops are peerless too. Choose from five round top sizes and two oval tops. Specify a choice of table edges: bevelled or straight. At last specify your choice of Clean Slate wood finishes. There's a raft, and they're all dynamic, interesting and finished by hand.
