

## NOVAK CONSOLE TABLE

Novak balances two opposing design views - simplicity and complexity - with amazing agility, artistry and acumen. Structurally, the Novak Console Table is classic midcentury Parsons design: simple, understated and angular. But "va-va-voom" (to quote South), the sides of the table, inside and out, are richly faceted in a hand-carved geometric pattern. What have we here? Modernism meets Brutalism with a global ethnic vibe - and clearly it all works. Available in wire-brushed Papyrus finish.

Overall: W60 x D15 x H33
