

ONASSIS DINING TABLE, ROUND

The Onassis Dining Table is defined by its sculptural base—a striking composition of individually mounted vertical ribs arranged in a symmetrical rhythm around a graphite metal drum. Each wooden applique is carefully crafted and applied by hand, creating a layered architectural texture that feels both graphic and tactile.

The interplay between the solid wood elements and the metal drum introduces depth and contrast, allowing the base to read as both structure and ornament. Available in all of our bespoke finishes, the appliques can be tailored to complement or contrast with the tabletop, inviting designers to create a palette that feels distinctly personal.

Bespoke for you. This S+E piece is made expressly for your project by skilled artisans in the USA. Your color, Your dimensions, Your wood, Your dining table

Shown: in a combination of Washed grey oak and Smoked Grey Oak on a graphite metal drum

Top Dia: 60" (1.25") / Base Dia: 27"
