ONASSIS DOUBLE PEDESTAL DINING TABLE

The Onassis Double Pedestal Dining Table —a striking composition of individually mounted vertical ribs arranged in a symmetrical rhythm around a metal drum. Each wooden applique is carefully crafted and applied by hand, creating a layered architectural texture that feels both graphic and tactile.

The interplay between the solid wood elements and the metal drum introduces depth and contrast, allowing the base to read as both structure and ornament. Available in all of our bespoke finishes, the appliqués can be tailored to complement or contrast with the tabletop, inviting designers to create a palette that feels distinctly personal.
