ONLY REAL

Only Real

Only Real is an immersive, expressive composition that moves with instinct and immediacy. Saturated greens and layered blues sweep across the canvas in rhythmic strokes, creating a sense of motion that feels both natural and uncontained. The surface is alive—worked, erased, and rebuilt—revealing depth through shifting textures and tonal variation.

At its center, the handwritten phrase—*only real*—anchors the piece, offering a quiet declaration within the layered abstraction. Linwood's signature language is fully present: calligraphic movement, symbolic restraint, and a balance between control and spontaneity. Bold yet introspective, *Only Real* brings energy and depth to a space—an artwork that feels both immediate and enduring.
