PORTIFINO BENCH

There are benches—and then there's Portofino. This sleek design brings sculptural comfort and modern glamour together in one striking composition. A series of softly undulating rolls forms the seat creating a rhythmic, tufted landscape that invites both visual admiration and relaxed lounging. The solid wood base provides structure and lightness, while the sculpted rolls introduce texture and depth, giving the bench a dynamic presence from every angle. We're delighted to offer a range of wood finishes and offered with COM (*Customer's Own Material*) upholstery gives designers the freedom to tailor both material and mood to the project's palette.
