

QUENTIN DESK

For South + English, design is a process of discovery. The Quentin Desk is a great example. The home office desk was originally conceived with a turned and carved base, but ultimately modernity won out. The spacious desktop boasts three drawers with understated tab pulls, and is set on a simple three-quarter inch metal frame (available in a choice of five finishes). Shown here in Black Coffee Oak with Empire Gold metal legs. Made in USA. Modern and hardworking, Quentin is English's favourite desk in the collection (South loves them all).

You can create, it won't add to your wait – customizations are welcomed and will not alter our speedy 4-6 week lead time.
