SAPPERTON DINING ARMCHAIR

The curvaceous Sapperton Counter stool celebrates graceful form and inviting comfort. Soft, flowing curves shape the silhouette, while the low-profile arms and open design create a light, airy presence that feels both relaxed and refined. The sculpted back gently wraps the sitter, offering comfort without visual weight, while the tailored upholstery highlights the chair's fluid lines. Versatile and expressive, the Sapperton Armchair works beautifully at a dining table, writing desk, or as an accent piece in living spaces. Available in a range of wood finishes and offered with COM (Customer's Own Material), allows designers to tailor both material and mood to the project's palette
