CHELSEA CHEST

Inspiration can be random. Execution never is. A vintage panel – seen, forgotten, but ultimately remembered – inspired the intricately hand-carved Chelsea drawer fronts. English minded myriad detail and brought this design to life, working closely with the S+E workroom. Available in Coal (as shown) or Oystershell. You can hear the ocean, but Chelsea is brilliant in any geography.

Overall: W42 x D21 x H32
