

SOLWAY DINING TABLE

It takes 2 to make a beat go right! One end of the Solway is a solid wood waterfall design, the opposite end is a modernist sculpted base of hand wrought steel in our 5 metal finishes. Choose from our Bespoke finishes and multiple profile options to make Solway entirely your own. Hand Crafted in Oak or Maple in USA.

You can create, it won't add to your wait – customizations are welcomed and will not alter our speedy 4-6 week lead time.
