

## ST TROPEZ FINE ART REPRODUCTION, SERIES 2

The human form – the nude – is a timeless subject matter. South + English's St Tropez series 1-4 captures the human form in motion and at rest in thoughtful Cubist geometries. The color palette is daring and accomplished – from ruddy earth tones to bursts of primaries.

**Additional details:** Giclée on canvas with visible brushstrokes. Mounted in a gold-and-black floating frame. Standard as detailed, but we welcome custom collabs. Simply [email](#) now.
