STARMAN DINING TABLE, OVAL

The Starman Dining Table commands attention. Its dynamic pedestal is composed of intersecting planes that create a rhythmic interplay of structure and openness, allowing light to move through the base while maintaining a strong architectural presence. From every angle, the base reveals a new perspective, lending the table a sense of movement and modern artistry. Solid wood oval tops are offered in custom racetrack or elliptical shapes, allowing designers to select the profile best suited to their space and seating plan. A choice of straight or beveled edges further refines the silhouette.

Bespoke for you. This S+E piece is made expressly for your project by skilled artisans in the USA. Your color, Your dimensions, Your wood, Your dining table
