

STAY, ORIGINAL ART

"Stay" is an invitation to seek solace and inspiration wherever you are and at any given moment. A message for the times? Perhaps. It's also a work of whimsy and rich imagination. Random but meaningful collaged items include a so-so report card, a joker playing card and a botanical drawing. A bateau, the artist's symbol of transcendence, awaits serenely in a field of color. Linwood invites each of us to stay and engage. Beautifully framed in Gold.
