# hip & classic.

South + English is the brainchild of longtime partners and creative collaborators Palmer Linwood Smith and David Ebbetts – the former an irrepressible live-large Southerner and the latter, a dialed-back, buttoned-up Brit. Honestly, they couldn’t be more different. And therein lies the magic.

With a counter-intuitive mix of provenance and personality, South + English is an emerging home décor collection where opposites attract and styles converge.

# CLEAN | SLATE

BENCH-MADE TO ORDER IN USA • 8 WEEK LEAD TIMES

**With a nod to traditional forms and silhouettes,** Clean Slate is a collection of updated classics for the way we live today. Designs are fresh, pared back, free from fussy detail and awkward proportions. South + English co-founders Palmer Smith and David Ebbetts have lovingly labored over each design and calibrated every finish. That said, your customizations are welcome. S+E loves design collaborations. All things are possible – and in about eight weeks – as Clean Slate is made in America. It's quite like someone opened a window. Hello, fresh air!

**We've got a crush on color.** All of them. The entire kaleidoscope. Hence the name. Kaleidoscope is paint-match program within South + English's Clean Slate collection. To get started, simply pick a hue from any professional paint-match program, like Benjamin Moore. You may also specify wood grain visibility preference. Start dreaming (and designing) in living color now.

**SOUTH SAYS**

"I'M AN OPERA BUFF – ENGLISH TOO. I LOVE THE ARTISTRY, THE DRAMA, THE SCALE, THE PAGEANTRY. S+E BEDS ARE TOTAL DIVAS, THE STARS OF THE MASTER SUITE. THESE BEDS HIT ALL THE HIGH NOTES. WE EVEN NAMED ONE AFTER OUR FAVORITE SOPRANO!"

**NOT THE USUAL SUSPECTS.** We believe every piece matters. There are no second-string players in the South + English lineup. Take the lowly bench, for example. South + English elevates the concept with interesting details, shapes, fabric applications and finishes. Our designs hold their own in your room — and sometimes make the room!

# PREVIEW 2021

High Point Market is a peak experience event. We love it. You love it. But the business of design is in glorious motion 365 days a year. As a result, South + English is in the process of opening our High Point flagship showroom year-round. It's an exciting proposition. And a game changer.

What's ahead? Rolling introductions of new designs at our High Point showroom, a vibrant ever-changing studio. To start, we're delighted to preview 2021 collection highlights. It's a brilliant time to pre-order and be part of the first cutting, as we say. We covet feedback. What say you?

# if these walls could talk.

Interesting art starts a conversation. Sometimes witty repartee. Other times existential dialectics. Light banter or heady stuff, it's all good. Because art is all about connection.

South + English has got a story for every wall and every design schematic. Take our decorative panels, shown here. Unique in the marketplace, each panel is unusual, tactile and dimensional, perfectly matted and placed in a shadowbox frame. Shop the entire collection at our High Point flagship and online. We simply must talk!

# Picture Perfection.

South + English fine art reproductions are meticulously matched to the original, capturing the color, detail and nuance of the master work. Each piece is printed on 100% cotton paper or canvas. Deckle edges or visible brushstrokes are often introduced. Each work is then artfully paired with a frame – and sometimes mat – thoughtfully selected to enhance the natural beauty of the art. While S+E has curated the “perfect picture,” if you beg to differ, no worries. We love collabs. Options and custom frame approaches are welcome.
