Linwood Art

Layers of Time. Marks of Meaning.

Before he was a furniture designer, showroom impresario or antique dealer, Palmer Linwood Smith was—and is—first and foremost a painter. A true master of mixed media, today Linwood experiments with oils, acrylic, watercolor, pastel, pencil and ephemera collaged on canvas. His work is joyous—and highly collectible.

For DJE, art distills experience into shape, texture, and form. His works explore the tension between order and emotion, where layered geometries and dimensional surfaces suggest shifting moments in time. Nothing is fixed, everything is felt.

DJE Art
Measured.
Dimensional.
Intuitive.
